BRITISH JOURNAL OF NURSING

Index/volume 14

January 2005 to December 2005

SCS = Stoma Care Supplement; TVS = Tissue Viability Supplement

A

Abbreviations: the need for legibility and accuracy in documentation. *Legal aspects of documentation.* B Dimond . . 665
Abdominal surgery, gynaecological: early postoperative feeding. *Surgical nursing.* L Wu and P Griffiths 42
Abuse
how abusive is too abusive? A senior clinical nurse goes before the NMC. *Professional misconduct.* G Castledine 801
nurse who physically abused her patients. *Professional misconduct.* G Castledine 633
Acute hospital-based palliative care services for the older person. *Care of older people.* R Jones 596
Acute hospitals: older people need more care. *Castledine column.* G Castledine 351
Acute pain specialist nurse in the Royal Navy: exploring the role. *Defence nursing.* C Haslam. 200
Advance directives: what is a good death? Issues to examine in critical care. *Critical care.* M Cardozo. 1056
Advanced nursing practice: NMC is to set standards for. *Editorial* H Scott 5
A&E
BMA claims that patients are being put at risk. *Editorial.* H Scott 305
personal safety in the accident and emergency department. *A&E nursing.* T Ferns et al 725
Aeromedical evacuation of patients in the Balkans. *Defence nursing.* P Harper 202
Aggression
balanced approach to dealing with at work. *Conflict management.* M Rew and T Ferns. 227
hey, if they're good enough to kick Beckham out... *Editorial.* TD Foss 1007
Aindow D and **Butcher M.** Films or fabrics: is it time to reappraise postoperative dressings? *Tissue viability* 15(TVN Oct)
Aitken P *see* **Birch S et al**
Alcohol abuse
alcoholic hepatitis: aetiology, management and complications. *Liver disease.* S Sargent 556
dual diagnosis: co-existence of drug, alcohol and mental health problems. *Mental health.* D Manley 100
should nurses be randomly tested? *Castledine column.* G Castledine 737
staff nurse who drank alcohol before and during her duties. *Professional misconduct.* G Castledine 697
Ali IS *see* **Khattab AD et al**
Anderson B. Nutrition and wound healing: the necessity of assessment. *Tissue viability* . . . . . 30(TVN Oct)
Androutsopoulou C *see* **Kiekkas P et al**
Anon
Egg and sperm donors. *Corres* 131
Poor nursing practice needs highlighting. *Corres* 247
Aseptic technique: evidence-based approach for patient safety. *Infection control nursing.* RM Preston. 540
Asthma, paediatric: overcoming barriers to an improved quality of life. *Child health.* S Clayton. 80
Aubeeluck A. Caring for the carers: quality of life in Huntington's disease. *Neuroscience nursing.* 452
Audit
health visitor who falsely claimed she had carried out patients' reviews. *Professional misconduct.* G Castledine 451
of nurses' views on DNR decisions in 1989 and 2003. *Critical care.* C McAdam et al. 1061
Authority: disregarded by staff nurse. *Professional misconduct.* G Castledine 618
Autonomy, American nurses' on patient care and unit operations. *International nursing.* MT Mrayyan. 962
Avian influenza pandemic
evolution and healthcare impact of a 21st century pandemic. *Infection control.* K Davies and R Higginson. 1066
threat. *Comment.* R Higginson and K Davies 632
Aylott M. Nelson's touch: knowledge + action = power. *Comment* 1170
